

2021 NET PROFIT INCOME TAX FORM 27 INSTRUCTION BOOKLET

Filing Requirements

Every corporation, partnership, trust, or estate that conducts business in a RITA municipality must file a return and pay tax on net profit earned in the municipality. A disregarded entity or qualifying subchapter S subsidiary for federal income tax purposes is not considered the "taxpayer" under Ohio law. Instead, the "taxpayer" includes any other person who owns the disregarded entity or qualifying subchapter S subsidiary.

When to File

Generally, a business must file its income tax return on or before the fifteenth (15th) day of the fourth (4th) month following the end of the taxpayer's taxable year.

Note: Calendar year end filers due April 15, 2021.

Where to File

Forms may be mailed with payment to: RITA, P.O. Box 94582, Cleveland, OH 44101-4582, without payment to: RITA, P.O. Box 89475, Cleveland, OH 44101-6475, or delivered to any office of the Regional Income Tax Agency. Please visit ritaohio.com for office locations and business hours.

When a return is Not Required

Nonprofits (as defined in IRC Section 501c) are not required to file an annual return if a copy of the organization's approved IRS determination letter is on file with RITA. However, should a nonprofit have unrelated business income, said nonprofit is required to file a municipal return and pay tax thereon.

Extensions of Time to File

A federal extension extends the municipal due date to the fifteenth day of the tenth month after the last day of the taxable year to which the return relates. It is not necessary to file a copy of the federal extension with RITA by the annual filing due date. Attach a copy of the federal extension when filing the Net Profit annual return on or before the **extended** due date. If you have not requested or received a federal extension you may receive an extension for the filing of the Net Profit annual return by completing Form 20-EXT Net Profit Estimated Income Tax and/or Extension of Time to File which is due by the annual filing due date. An extension to file is not an extension to pay – the tax owed must be paid by the annual filing due date. Remit Form 20-EXT to pay the tax balance due.

Extensions of time to file have no effect on the due dates of estimated taxes. If the return is on extension, use Form 20-EXT to pay first quarter estimated taxes on or before the fifteenth (15th) day of the fourth (4th) month of the tax year.

Rounding Off to Whole Dollars

A business may round off cents on its return and schedules. Eliminate any amount less than fifty cents and increase any amount from fifty cents through ninety-nine cents to the next higher dollar.

Penalty and Interest

In accordance with the law, penalty and interest is charged on taxes (including estimated taxes) paid late, even if an extension of time to file is granted. Penalties may also be charged for failing to file a return when due. **A fee will be charged to your account for a dishonored check or a check/electronic debit that cannot be processed.** RITA may choose to redeposit your returned item electronically. **Additionally, you understand and agree that we may collect a returned item processing fee as allowed by state law. Electronic filers assume all responsibility for the accuracy of the information submitted and are, therefore, subject to any charged fees described above for any errors.**

Uniform Definition of Net Profit

Ohio law provides a uniform definition of taxable income for net profit tax returns, "Adjusted Federal Taxable Income" (AFTI). This definition can be found under Ohio Revised Code (ORC) §718.01. Refer to the AFTI worksheet found on Page 3 of Form 27 or at ritaohio.com to determine the AFTI as it pertains to a taxpayer that is not a C Corporation and is not an individual, and who must compute Federal Taxable Income (FTI) as if the taxpayer were a C Corporation.

Name and Address

Print your company name, address, and federal identification number.

Alternate Method

Check this box if you are requesting a method other than the prescribed three factor formula for apportioning net profits. The request must be in writing, attached to this return, and contain an explanation as to why an alternate method is being requested.

Small Employer

Check this box if the taxpayer is a small employer. A small employer is an Ohio employer that had total gross revenue of less than \$500,000. A small employer does not include the federal government, any state government, including any state agency or instrumentality; any political subdivision; or any entity treated as a government for financial accounting and reporting purposes. See ORC §718.01 (TT).

Line 1. Federal Taxable Income

Indicate your C Corporation Federal Taxable Income ("FTI"), or the equivalent on Line 1. Refer to the AFTI worksheet found on Page 3 of Form 27 or at ritaohio.com to determine the starting point for FTI. A taxpayer that is not a C Corporation and is not an individual, must compute FTI as if the taxpayer were a C Corporation.

Line 3B. Pre-AppORTIONED Losses from Tax Years Beginning on or After 1/1/17

Check this box if the business will be utilizing a net operating loss incurred prior to 1/1/17 before utilizing pre-apportioned losses from tax years beginning on or after 1/1/17. The form is not designed to accommodate this approach, but the approach is permitted. If you check the box, attach a schedule that shows the net operating loss and how it is being utilized. The schedule is subject to review. If post-apportioned net operating losses are applied first, those losses must be applied to apportioned income. If a pre-apportioned net operating loss is also available, the income must then be grossed up before applying any net operating loss incurred for a tax year starting on or after 1/1/17. See page 4 of these instructions for an example of this method and sample worksheet.

Line 3Bi. Total Unutilized Pre-AppORTIONED Losses from Tax Years Beginning on or After 1/1/17

Enter the TOTAL amount of unutilized pre-apportioned net operating loss available.

Line 3Bii. Pre-AppORTIONED Losses from Tax Years Beginning on or After 1/1/17 Utilized in this Tax Year

Enter the total amount of pre-apportioned net operating loss being used. This amount is subject to the 50% limitation under ORC 718.01(D)(3)(c)(i). The NOL is limited to the lesser of 50% of the utilized NOL or 50% of the income. Enter the largest dollar amount of the NOL being utilized for any municipality that had a tax in effect prior to 1/1/16.

For municipalities and taxing jurisdictions that first imposed a tax on or after January 1, 2016, net operating loss carryforward amounts are not phased-in and may be used in full. The following municipalities and taxing jurisdictions imposed a tax on or after January 1, 2016: ALEXANDRIA, AMELIA, ASHLEY, BETHEL, BLOOMVILLE, BRIDGEPORT, CHESTERVILLE, CIRCLEVILLE-PICKAWAY TWP JEDD, CLARKSVILLE, DARBYVILLE, DORR STREET JEDD, ETNA-REYNOLDSBURG JEDD 1, ETNA-REYNOLDSBURG JEDD 2, ETNA-REYNOLDSBURG JEDD 3, ETNA-REYNOLDSBURG JEDD 4, ETNA-REYNOLDSBURG JEDD 7, FULTON, GETTYSBURG, HANOVER, HELENA, HOLLAND SPRINGFIELD TWP JEDZ, JACKSON, KIRKERSVILLE, LATTY, LODI, LYONS, MARENGO, MILFORD JEDD V, MILFORD JEDD VI, MILFORD JEDD VII, MILLERSPORT, NEWTONSVILLE, NEY, OSTRANDER, PAYNE, RISINGSUN, SMITHFIELD, SOUTH VIENNA, ST. LOUISVILLE, STOUTSVILLE, WASHINGTONVILLE, WAYNE LAKES, WILLIAMSBURG JEDD, WILLIAMSPORT.

Line 3C. Amount Allocable to RITA

If the business operates strictly within one RITA municipality, enter 100% as the percentage and enter the amount on Line 3C. Otherwise, enter the average percentage from Page 4, Schedule Y, Step 5. **You must complete Schedule B on Page 2 for any amount shown on Line 3C.** The Ohio Revised Code requires that Schedule Y be the default method used to determine the percentage of income attributable to RITA municipalities by business entities conducting business activity both within and outside RITA municipalities.

Per ORC §718.02 (G) when computing taxable income allocable to Brooklyn, Lagrange, Niles, Oberlin, and Wintersville add back to the income apportioned to each of these municipalities the amount of the stock option income that is exempt from each municipality's withholding (attach schedule).

Schedule B – Distribution of Tax within RITA Municipalities

If the amount of income (loss) and tax reported on Lines 3C and 5 of this form are to be allocated to any RITA municipality, you must fill in the names of all the RITA municipalities in which you conducted business along with the amount of taxable income (loss) and tax due for each. If tax due is \$10 or less for a municipality, enter zero in the Tax Due field of Schedule B for that municipality. The total tax distribution in Schedule B must equal the total tax due shown on Page 1, Line 5. Attach a schedule if you need more space.

Failure to allocate a loss shown on Page 1, Line 3D may affect your ability to claim a net operating loss carryforward in future years.

Schedule X – Reconciliation with Federal Income Tax Return

This schedule is used to make adjustments when total income (Line 1) includes income not taxable and/or items not deductible for municipal purposes. Enter the amounts of any such items in Schedule X and carry totals from Line G and Line Q respectively, to Lines (2A) and (2B).

Line A. Section 1221 and 1231 Losses

Report all losses (ordinary and capital) directly related to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the Internal Revenue Code (IRC). Losses related to Section 1221 assets are usually reported on Federal Schedule D while losses related to Section 1231 assets are usually reported on Federal Form 4797.

Line B. Taxes Based on Income

Include foreign, state, local, and other taxes based on income.

Line C. 5% of Certain Intangible Income

Multiply Schedule X, Line O, (if used) by 5%. (Line C is not applicable to Wickliffe; intangible income is taxable to the city of Wickliffe).

Line D. Certain Owner Compensation

For use by taxpayers that are not C Corporations and are not individuals. Ohio law prohibits taxpayers that are not C Corporations and not individuals from claiming a deduction for payments to a qualified self-employed retirement plan, payments for health or life insurance for an owner or owner-employee, or federal self-employment tax. Report all such payments here.

Line E. REIT and RIC Adjustments

A real estate investment trust or regulated investment company must report all dividends, distributions, or amounts set aside for the benefit of investors included in Page 1, Line 1.

Line N. Certain Section 1221 and 1231 Gains

Report all income and gains directly related to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the IRC. **(Note: Do not include income or gain(s) described in Section 1245 or 1250 of the IRC. ORC §718.01 (E) requires all S-Corporations and partnerships to increase their Section 1250 gains by the adjustment all C Corporations must make under IRC Section 291.)**

Line P. Other Items Not Taxable

Use this line to report pass-through income/(loss) from another entity. Indicate the Federal Identification Number of the business that originated the pass-through income and include a copy of the K-1 issued. Do not include or take credit for tax paid by the business that generated the pass-through income.

Also use this line to report any other income RITA municipalities are specifically prohibited from taxing that is not required to be reported on another line of Schedule X or on the AFTI Worksheet. **Note:** Cancellation of indebtedness and wage adjustments associated with federal work and job credits are included as income under federal code. AFTI (ORC §718.01(E)) does not permit deductions for cancellation of indebtedness or for wage adjustments associated with federal work and job credits

AFTI Worksheet

Ohio law creates a uniform definition of taxable income for net profit tax returns, Adjusted Federal Taxable Income (AFTI). The definition of AFTI is found at ORC §718.01(E). A taxpayer that is not a C Corporation and is not an individual must make the adjustments in Lines B, C and/or Line D below.

Line B. Section 179 Adjustment

Add federal Section 179 depreciation in excess of what would be allowed for federal tax purposes if the taxpayer were a C Corporation. Excess Section 179 expenses should be carried forward to subsequent years. Subtract Section 179 depreciation carried over from prior years to the same extent as would be allowed if a C Corporation. Estates and trusts can claim the IRC section 179 deduction to the extent the deduction would be allowed if the estate or trust were a C corporation. Attach a schedule showing your carryforwards for municipal tax purposes.

Line C. Charitable Contribution Adjustment

Add charitable contributions in excess of what would be allowed for federal tax purposes if the taxpayer were a C Corporation. Excess charitable contributions should be carried forward to subsequent years. Subtract charitable contributions carried over from prior years to the same extent as would be allowed if a C Corporation. Attach a schedule showing your carry forwards for municipal tax purposes.

Line D. Other

Each taxpayer, who is not an individual, must compute net profit as if the entity were a C corporation. As such, in addition to the adjustments required for Lines B and C on this worksheet, the taxpayer must also make the following applicable adjustments on Line D. of this worksheet:

- Add back any distribution deduction claimed on IRS form 1041 (estates and trusts only).
- Add back the additional deductions if any, (generally, depreciation expense deductions) claimed on the IRS form 1065 on account of the election described in IRC section 743 or section 754 (partnerships and LLCs treated as a partnership only).
- Add the amount of recapture income described in IRC section 291.
- Add the amount of interest expense otherwise deducted to the extent that deduction is not allowed to a C corporation under IRC section 163 (j).
- Add back all other items of income and deductions to the extent those items (i) are not listed above, (ii) are no already included in the computation of net profit, and (iii) would be taxable or nondeductible, respectively, if the taxpayer were a C corporation.
- Subtract any amount otherwise included in computation of net profit to the extent that amount would either be nontaxable or deductible if the taxpayer were a C corporation.

Schedule Y – Business Apportionment Formula

A Business Apportionment Formula consisting of the average original cost of real and tangible personal property, gross receipts, and wages paid must be used by business entities not required to pay tax on entire net profits by reason of doing business both within and without of RITA municipalities. (ORC § 718.02) However, if the Business Apportionment Formula does not produce an equitable result, another basis (for example Books and Records) may be substituted following the process outlined in Section 3(F)(3)(b) of RITA's Rules and Regulations.

Step 1. Property

The average original cost of real property and tangible personal property within RITA municipalities. Annual rental on rented or leased real and tangible personal property situated within the RITA municipality multiplied by 8.

Step 2. Wages and Salaries

Wages, salaries and other compensation paid during the taxable period to W-2 employees for services performed within RITA municipalities, excluding compensation from which taxes are not required to be withheld under ORC § 718.011. If your business is considered a "Small Employer" as defined on page 1 of these instructions or your business is impacted by the 20 day rule, allocate wages and salaries in the same manner in which they were withheld.

Step 3. Gross Receipts

Total gross receipts of the business or profession from sales and rentals made and services performed during the taxable period in the municipal corporation to total gross receipts of the business or profession during the same period from sales, rentals and services, where made or performed.

Step 3. Gross Receipts (continued)

Sales and gross receipts in RITA municipalities means:

- (1) Gross receipts from the sale of tangible personal property shall be situated to the municipal corporation only if, regardless of where title passes, the property meets either of the following criteria:
 - a) The property is shipped to or delivered within the municipal corporation from a stock of goods located within the municipal corporation.
 - b) the property is delivered within the municipal corporation from a location outside the municipal corporation, provided the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within such municipal corporation and the sales result from such solicitation or promotion.
- (2) Gross receipts from the sale of services shall be situated to the municipal corporation to the extent that such services are performed in the municipal corporation.
- (3) To the extent included in income, gross receipts from the sale of real property located in the municipal corporation shall be situated to the municipal corporation.
- (4) To the extent included in income, gross receipts from rents and royalties from real property located in the municipal corporation shall be situated to the municipal corporation.
- (5) Gross receipts from rents and royalties from tangible personal property shall be situated to the municipal corporation based upon the extent to which the tangible personal property is used in the municipal corporation.

Schedule Y-1. Reconciliation of Schedule Y Wages to Withholding Returns

Use this schedule to reconcile workplace wages, salaries, etc. allocated to RITA municipalities on Schedule Y with the amounts reported on your withholding returns filed for the tax year covered by this return.

Line 1. Withholding Return Wages

A calendar year taxpayer must use the workplace wages reported on their annual Reconciliation of Income Tax Withheld (Form 17). A fiscal year taxpayer must use the sum of the wages reported on the Form 11 withholding statements that correspond to the fiscal year.

Line 2. Explanation of Discrepancy

Provide an explanation on Line 2 if the overall discrepancy is: (1) greater than 10% of the total workplace wages reported; and (2) greater than \$5,000. If you are reporting workplace wages for multiple RITA municipalities apply the 10% / \$5,000 thresholds to each municipality.

Line 3. Other Company Information

Provide the Company Name and Federal Identification Number under which the withholding tax was remitted if different than information on page 1 of the Form 27.

Schedule Z. Pass-Through Distributive Shares of Net Income

All pass-through entities must attach a schedule showing each partner/shareholder name, social security number, distributive share, guaranteed payments (if applicable) and ownership percentage. The amounts reported on this schedule must correspond with the amounts reported on your federal return.

Schedule ZZ: Consolidated Returns

Taxpayers filing consolidated returns must attach Federal Form 851 or a schedule listing the name, address and employer identification number of each affiliate included in the consolidated return when filing their Form 27. Once an election is made to file a consolidated return, permission is needed to file separately in future years. For tax years beginning on or after January 1, 2016, consolidated filers have a five year opt-in/out window for changing from consolidated to single filing, or vice versa, and can elect each year to include or exclude income from 80% PTE ownership from the consolidated group. Please see ORC §718.06 for more information on municipal income tax consolidated return requirements.
